# YI DONG

ylhl521@qq.com

## EDUCATION

**Bachelor's Degree** **Sep. 2023 – Jun. 2027 (Expected)**

*Tianjin University of Science and Technology* *Tianjin, China*

**Major:** Data Science and Big Data Technology

**Average Score:** 84.11/100

**Objective: MSc in AI and Digital Media (HKBU); applying data science to media content analysis, audience engagement and AI creator operations.**

**Relevant Modules:** Introduction to Artificial Intelligence (95), Web Development Technology (92), Mobile Application Development (93), Probability and Statistics (95), Data Mining and Data Warehousing (84), Big Data Storage and Computing (85).

## INTERNSHIP EXPERIENCE

**Interactive Operations Intern | iQIYI, Inc.** ***Sep. 2026 – Present***

- **AI Creator Collaboration:** Contacted 70+ AI application and AIGC creators and supported 38 creator onboardings.
- **Interactive Application Delivery:** Coordinated review, testing and launch of 20+ interactive applications and works; aligned creators and product colleagues on revision requirements, timelines and subsequent reviews.
- **Content & Audience Analytics:** Analysed daily impressions, plays, completion, exits and interactions to identify differences in audience engagement across promotional video formats; reported findings to inform content scheduling and promotion decisions.

**Data Infrastructure Development Intern | Dexmal Inc.** ***Aug. 2026 – Sep. 2026***

- **Data Infrastructure:** Adapted Python scripts to transfer 100+ robotics datasets totalling 3 TB+ across four servers; arranged transfers around storage, network conditions and deadlines.
- **Platform Development:** Modified task submission, status display, logging and download logic within an existing React/FastAPI platform; added recovery through retry and resumable transfer functions.

**Digital Risk Response Intern | Beijing ThreatBook Technology Co., Ltd.** ***Apr. 2026 – Aug. 2026***

- **AI-Assisted Review:** Processed 10,000+ digital-asset risk records. Documented review criteria in a reusable Skill and used OCR and AI output to support human checks of text and screenshots, developing review experience transferable to digital media governance.

## AI & DATA SCIENCE PROJECTS

**Distributed Analysis & Recommendation of UCI Machine Learning Datasets** ***Jul. 2026***

*Course Project in Spark and Machine Learning*

- **Similarity-Based Recommendation:** Analysed 689 UCI datasets using Spark SQL; represented descriptions with TF-IDF and ranked items by cosine similarity in Spark MLlib to generate top-five dataset recommendations.

**Unsupervised Visual Inspection of Machined Holes** ***Jan. 2026***

*Individual Course Project | Data Mining Comprehensive Practice*

- **Model Implementation:** Implemented a PyTorch convolutional autoencoder trained on normal hole images; applied rotation and brightness augmentation for visual anomaly detection.
- **Evaluation & Interpretation:** Applied percentile thresholds to reconstruction errors and generated error maps; examined false positives and missed anomalies to interpret detection results.

## HONOURS & INTELLECTUAL PROPERTY

**Second Prize,** 15th National College Students' E-Commerce Innovation, Creativity and Entrepreneurship Challenge, Tianjin University of Science and Technology Round **Aug. 2025**

**Bronze Award,** China International College Students' Innovation Competition, Youth Red Dream-Building Journey Track, Tianjin University of Science and Technology Round **Aug. 2025**

**Co-inventor,** three Chinese utility model patent applications; accepted for processing **2025**

**Co-developer,** Smart City Sanitation Bin Monitoring Platform V1.0; software copyright registered by TUST **Mar. 2025**

## SKILLS

**Programming & Data:** Python, SQL, pandas, NumPy, MySQL

**Machine Learning & Big Data:** PyTorch, torchvision, OpenCV, scikit-learn, Spark, MLlib, Hive, HDFS

**Media & AI Applications:** Content performance analysis; AI creator onboarding; AIGC launch coordination; AI-assisted text/image review

**Development & Cloud:** FastAPI, React, WebSocket, Git, Alibaba Cloud OSS, Volcengine TOS

**Languages:** Mandarin Chinese; English — IELTS 6.0
